It is similar to the lottery game and it is not uncommon for casinos to combine features of Keno with scratch card games. The minimum amount of lottery tickets in Keno is often 20 and the maximum is either 80 or 120. The draw begins with one ticket which is drawn. Keno allows betting on the drawn ticket number. Every ticket is worth the same amount and any winnings can be shared among winners. Keno tip No.1: Play 1-16 only Keno tip No.2: Practice when free Keno is a game that is enjoyed by many players in many casinos across the globe. Keno is more popular in Asian countries than in European or North American countries. If you like Keno, but you only play in North American or European casinos then you will be missing out on the huge Keno jackpots that can be won in Asian countries. Even if Keno is a game that is mostly played at casinos you can still play it at your home. There are a lot of web based casino services out there that offer Keno games and allow you to play it without ever stepping foot into a physical casino. Online Keno Tips - Play 1-16 only Playing Keno in a casino is all about luck. There is the element of skill but the numbers that are drawn in Keno are more or less selected by chance alone. So if you like playing Keno games but you don't like games that are about luck, then you should play online. You can find a lot of websites that offer Keno games and they all offer the same thing. Every game is played using the 1-16 numbers only and if you win then you win. You don't need to be at a casino to enjoy playing Keno. You can do it online from your computer and it will be just as enjoyable as if you were sitting at a casino. Keno tip No.3: Play only for free Many new players are attracted to Keno by the name or the way it
