The increased supply allows the economy to produce more goods, which benefits some people, if not all of them. Thus, contrary to some commentary in the press, cheaper oil prices cannot harm the economy as a whole. Two long wars, chronic deficits, the financial crisis, the costly drug war, the growth of executive power under Presidents Bush and Obama, and the revelations about NSA abuses, have given rise to a growing libertarian movement in our country – with a greater focus on individual liberty and less government power. David Boaz’s newly released *The Libertarian Mind* is a comprehensive guide to the history, philosophy, and growth of the libertarian movement, with incisive analyses of today’s most pressing issues and policies. Search form Trump Gets the First Aid Treatment for His Slump “I have maintained the highest level of awareness and vigilance.” Trump on Executive Pay By Carl Howe January 23, 2017 Republicans have cut into his margin. A majority of Americans disapprove of how he is handling the economy. The Republican Party is suing the Obama administration’s handling of climate change. Trump as of Friday also has a clear bump in the polls ahead of New Hampshire’s first-in-the-nation primary on Tuesday. But he still faces problems. “A strong economy provides a great platform for the president, but not without risk,” says Neil Newhouse, the editor of the nonpartisan newsletter Ballotpedia. “He is jeopardizing his base. He has increased the likelihood of losing his House majority in 2018.” Trump’s problematic base isn’t
