Q: How to see all paths between two objects in ListPlot I'm plotting some connected graphs with ListPlot, but I have some trouble to see all the paths between two objects on the graph. I take two pairs of coordinates of the object, and I set the ListPlot to display these coordinates. And I would like to get to this result : (sorry for my poor graphic skills and sorry for the french language) A: Is that what you want? A = Table[{i, j}, {i, 0, 5, 1}, {
